

Call for Papers

BSBT 2008

<http://www.sersc.org/BSBT2008>
December 13 ~ 15, 2008, Hainan Island, China

BSBT 2008 will be the most comprehensive conference focused on the various aspects of advances in Bio-Science and Bio-Technology with Computational Sciences, Mathematics and Information Technology. This Conference provides a chance for academic and industry professionals to discuss recent progress in the area of Bio-Science and Bio-Technology. Furthermore, we expect that the conference and its publications will be a trigger for further related research and technology improvements in this important subject.

The goal of this conference is to bring together the researchers from academia and industry as well as practitioners to share ideas, problems and solutions relating to the multifaceted aspects of Bio-Science and Bio-Technology.

Topics of Conference

The main topics include but will not be limited to: (Excellent surveying works in these areas are welcome, too.)
