Publication and Update

- Last date of Every Month

Submission Guidelines

- Every submitted paper will be carefully reviewed (blind review) by at least three members of the International Program Committee.
- All accepted papers will be published by the web first, and included in the hard copy journal later.
- Authors should submit paper with about 12 pages ~ 18 pages by using online systems for review.
Journal Aims

Our Journal provides a chance for academic and industry professionals to discuss recent progress in the area of advanced science and technology.

Journal Topics

The main topics include but will not be limited to: (Excellent surveying works, summary or introduction of new or fresh idea in these areas are welcome, too)

- Communication and Networking
- Computer Science and its Applications
- Ubiquitous Multimedia Computing
- Software Engineering & Its Applications
- Security Technology and Information Assurance
- Bio-science and Bio-technology
- u and eService, Science and Technology
- Database Theory and Application
- Control and Automation
- Signal Processing, Image Processing and Pattern Recognition
- Grid and Distributed Computing
- etc

Advisory/Editorial Board

- Sasan Adibi, University of Waterloo, Canada
- Byungjoo Park, Hannam University, Korea
- Chunbo Ma, Shanghai Jiao Tong University, China
- Chih-Heng Ke, Kinmen 892, Taiwan
- Feki Mohamed Ali, I2R, Singapore
- Haojin Zhu, University of Waterloo, Canada
- Alfred Tan, Edith Cown University, Australia
